POINTERS FOR REGISTERED MENTORS

- Join the Discord server.
- Go to #mentors channel, introduce yourself.
- Familiarize yourself with the challenges and context (Check the hackathon landing page).
- Identify what challenge and what area you may be able to provide most value in.
- Mentors should be available according to time slot chosen to guide the participants.
- Mentors are expected to make their choice based on time zone and skill compatibility.
- If discrepancies or queries, you may reach out to organizers.

TEAM BUILDING

- Teams will be formed either prior to the hackathon or at the time of registration or through the Discord channels.
- If the participants are looking to form a team, direct them to post in the #find_a_team channel.
- The team size shall consist of 1-3 members per group.

WORKFLOW

Before the Hackathon

- Share your personal tips and resources to the participants in the **#resources channel**.
- Introduce yourself and network in the **#introductions** and **#social channel**.

During the Hackathon

- **[MANDATORY]** Catching up in the preferred time slot and sharing your guidance.
- Assisting teams in the ideation and team-building process.
- Assisting teams in prototyping and presentation process.
- Providing ad-hoc project/ people management and soft skills advice.

After the Hackathon

- Team retrospectives
- Sharing your professional details and other comments.

MENTORSHIP

How do I find teams to mentor?

- Don't worry! Participants will approach you, and other mentors directly, to ask for your mentorship or guidance throughout the Hackathon period.
- They will likely approach you on or before the 1st day of the hackathon.
- Consider your time zones and the team's choice of tracks, in relation to your expertise.
- You are allowed and encouraged to mentor more than one team.

MENTORSHIP

How do I provide the best guidance?

- **Set your status as a mentor**
- Use Discord to set your status as “Name | MENTOR” in your profile section!
- **Provide domain or industry insights and expertise**
- Acknowledge them regarding the existing problems as well as references they need to search for, encourage them to brainstorm for the various optimal solutions.
- **Guide them to the correct track**
- Guide them to check whether a solution already exists.
- **Be a sounding board for their ideation and brainstorm**
- Come up with various innovative as well as possible ideas.
- **Validate their ideas with your technical and real world know-how**
- Come up with a basic roadmap towards the project as well, guide with the tools required.

PERKS FOR MENTORING

Every shortlisted mentors will be provided with a Participation Certificate.

Not just this, but you will also be offered with internship / full time role if skills are worth appreciating irrespective of being a top mentor or not. Grab this opportunity to see yourself succeed.

Top 2 mentors will be awarded with an Appreciation Certificate, Swags and Huge Shout Out on Social Media Handles.

FREQUENTLY ASKED QUESTIONS

- **Can Teams work on Multiple Tracks and Projects?**

- **Irrespective of how many tracks a team is involved with, they are allowed to submit only one project/team.**

- **Are Cross-Submissions allowed?**

- **Yes, cross-submissions are encouraged as long as other hackathons are scheduled on the same weekend.**

- **What are the eligibility criteria for hackers/participants?**

- **All the high-school students and college students, including the students who graduated this year are invited. Even working professionals and folks who don't have a formal education are too welcomed**
